

Application for Community Business Grant: NDIS Growth

Organisations are invited to apply one to one support from CBB's Business Consultants to implement a new NDIS service or prepare a pilot for a new NDIS service.

There is a need for more NDIS services across Australia, particularly in regional, remote and rural communities and Aboriginal and Torres Strait Islander communities. Whilst NDIS providers may already operate in and around these areas, a greater variety of services is required to meet the needs of individuals living within those communities. The support will focus on assisting organisations to develop a strong proposal for a new NDIS service that they can take to market in their community.

There are five grants available.

Multiple applications from the same organisation are not permitted. You do not need to be an existing CBB client to apply.

Applications close at 1pm (ACDT) on Friday 26 February 2021.

The consulting project will be delivered between 1 April and 30 September 2021.

Application for Community Business Grant: NDIS Growth

About your organisation

* CBB will provide one to one support for your organisation through a series of workshops and coaching sessions to help you to develop a new or grow your existing NDIS service. This work is scheduled to take place between 1 April and 30 September 2021.

How will you make sure that the people working on the program have time to work with the CBB consultant, so that you have a pilot project ready by the end of the program?

* What are the biggest challenges for you in developing your NDIS service?
